
Vision

Our goal is to graduate confident, critical thinkers, productive and creative lifelong learners, and socially responsible, engaged citizens who are capable of adapting to change in a technologically advanced and multicultural society.

We will accomplish this by:-

- Creating a challenging and desirable learning environment for students and staff
- Strongly supporting instructional innovation
- Preparing students for success in a dynamic, multi – faceted education environment

Mission

Provide quality education and training to produce academically qualified, professionally skilled and ethically committed citizens, to satisfy the country's alarming need for skilled man power in general and in the areas of health and education in particular.
